

## **Sacrificial Poetry**

*I'm not frontin' and it's not a game*

*My poetry is that hot, it is that flame*

*I burn insane amounts of butane just to maintain my claims*

*I stir-fry and singe similes*

*I make metaphors feel like they're going through menopause*

*So no, you can't beat me*

*Because I have eclipsed eclipse*

*I am the sun's son*

**I am the phoenix...**

**Rising from the ashes of a burnt microphone...**
